This invaluable Cordial is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful physicians, to be possessed of qualities the most beneficial in the diseases for which it is recommended; and hence whilst it is presented to the public as an efficacious remedy, it is also known to be of that character on which religiones may be placed as to its cious remedy, it is also known to be of that char-acter on which reliance may be placed as to its safety. HECKERS FARINA, prepared expressly for families, a delicate and appropriate food for all seasons, and one of the most economical, nutritious, and wholesome preparations ever brought to the table, eminently combining the gratification of the palate with ample and healthful sustenance of the body.

Strictly speaking, Heckers' Farina is neither stringent nor laxative, but restorative, strengening the digestive and absorbent system. In disordered bowels, diarrhae, dysentery, and even in cases of cholers, when food is deemed admissible by the physicians, Heckers' Farina cannot fail to be salutary; and wherever known is extensively used in hospitals and private practice. The preservation of health or the prevention of sickness is at least as important as the curing of disease. People in health should therefore use Heckers' Farina freely, as common food, to preserve the inestimable blessing.
